

## SCHOONER FARMS 2011 CSA - Guidelines & Contract

Please be sure to follow the steps below and read through our guidelines very carefully before submitting your application. Thank you!

### 1. STEP ONE - LEARN ABOUT HOW OUR PROGRAM WORKS

At *Schooner Farms*, our focus is on growing beautiful Organically Grown produce for our CSA members. Each week we take a survey of our fields, and we harvest the crops that are at their peak and ready to be picked. We pack the produce into trugs for every member and have them ready for pick up on appointed days. Our harvest season runs for **20 weeks** from May/June through October. This share does NOT begin until spring of 2011. You will be contacted when 2011 program begins.

### 2. STEP TWO - CAREFULLY READ OUR CSA POLICIES

#### *CSA is a Partnership between the Members and the Farmers*

At the core of CSA is the idea that members support their farmer by sharing in the inherent risks of agriculture (poor weather, drought, disease, early frost, crop failure and so on) and rewards (the bounty from a good season!). Therefore while Schooner Farms will act in good faith to provide fresh organic produce for the 20-week season, there is no guarantee of quantities or contents of weekly shares.

#### *Member Responsibilities*

STAY INFORMED! The single most important responsibility of all members is to educate themselves about the workings of our CSA program by thoroughly reading through the website and reading the weekly CSA newsletter posted every week on our website. The newsletter contains important information about what's in the box, news from the farm and details about the harvest.

PICK UP YOUR SHARE! As a CSA member, you must pick up your share on your chosen pick-up day during the pick-up window. To ensure the freshest produce we will only harvest prior to your designated pick-up day. Please choose from one of our two available pick-up days. You must pick up your share on the day you have chosen each week. If you cannot pick up your share, you are welcome to have a friend or neighbor pick up your share that week. Please just email or call us with their name. Our goal is to

have you enjoy your share each week – we will work with you if you give us enough advance notice. If you do not pick up your share and make no arrangements to have someone else pick it up for you then your forfeit your share that week and it will be donated to local charities. There is no refund for unclaimed shares.

*Pick-Up days are; Tuesdays from 3-6 pm OR Saturdays from 9 am –noon.*

*All shares are to be picked up at Schooner Farms.*

BE AN ACTIVE PARTICIPANT IN THE PROGRAM! We encourage all of our members to become active participants in the CSA Program. You can do this by staying up to date with the news from the farm (by reading the weekly newsletters) and keeping in touch with the farm. **Communication is critical!** Please e-mail us often with your comments, suggestions and concerns. *This is one of the great perks of CSA- you can actually talk to the farmer who grew your food!* We also invite you to visit the farm to see just where your food comes from.

### 3. OUR SHARES

Schooner Farms CSA Program is a 20-week membership share. Our season begins roughly the end of May to the first part of June, weather permitting.

#### PRODUCE SHARES

Organically grown produce is picked fresh from our fields, sorted, and ready for pick up at Schooner Farms. This share contains approx. 6 to 10 items grown without synthetic pesticides or fertilizers each week, depending on the season and availability. We practice biodiversity and bio-intensive gardening methods.

**Standard Share** – \$450 – Organic Produce for 1-4 people. This takes the place of our “half” share. Our standard share will offer not only fresh organic veggies but we are working with other local small farms and businesses to showcase an item from each of their farms over the course of our 20 week season. Some of the items will be fresh breads, flowers, unique varieties of garlic, and cheese.

**Supplemental Share\*** - \$200 - additional produce for 1-3 more people. This supplemental share takes the place of our "full" share. ***This share is produce only.***  
*\*Members must purchase the standard share to be eligible for the supplemental share.*

### **ORGANICALLY FED PASTURE RAISED EGGS**

**Egg Share** - \$80 - A dozen fresh organic brown eggs each week.

### **DAIRY SHARE - Milk from SNOWVILLE CREAMERY**

Fresh Organic Natural Grass Pasture Grazed Milk from Snowville Creamery in Pomeroy, Ohio. We are still working with a regional distributor on this share at this time. There will be a separate signup sheet for this share once details are finalized. *This share will be sold in half gallon increments on a weekly basis.* It would run the entire 20 week period. At this point it looks like the price will be around \$3.50-\$3.75 per half gallon. Snowville Creamery produces Whole, 2% and Fat Free Milks. If you are interested please check the line on our contact and we will get details to you once we finalize the details.

### **GRASS FED & PASTURE RAISED MEAT/POULTRY SHARE from Omega Meats & Schooner Farms**

Grass Fed Beef, Pasture Raised Pork and Chicken Share information will be available soon. If you would be interested in receiving information on our various meat packages please check the line on our contract and we will send you info once details have been finalized.

#### **4. COMPLETE APPLICATION FORM**

Please print out pages 4 and 5, complete contract then send along with payment to Schooner Farms. Keep the guidelines for your records.

*I appreciate locally grown, synthetic pesticide-free produce and want to ensure that it remains available in my area by becoming a shareholder in Schooner Farms Community Supported Agriculture Program. I understand that Schooner Farms will do their best to provide the sustainably produced fruit and vegetable varieties they propose at the times they estimate. However, as a shareholder in both the bounty and the risk, I understand that nature ultimately decides what I will receive and when I will receive it.*
